**Shaping Lives | Building Ambition | Igniting Futures**

## **Our Ambition Statement**

### **Shaping Lives**

We strive to ensure that our students lead happy, successful and exciting lives that are underpinned by an excellent education. Our curriculum is designed to shape the ‘whole’ child by nurturing strong characters, independent learners and successful citizens.

### **Building Ambition**

We are passionate about instilling a strong sense of self-belief, determination and aspiration in every student. Every child should have the highest expectations of themselves and believe that they can achieve anything they put their mind to, no matter how challenging.

### **Igniting Futures**

We aim to connect learning to real-life contexts, ensuring all our students are well-prepared for an ever-changing, demanding and modern world. We provide in-depth knowledge regarding the vast range of opportunities and experiences that are available to them as young adults; further education, university, apprenticeships and ultimately employment.
