Mobile phones and other technical equipment

Mobile devices are normally not permitted to be used during Academy hours by pupils or members of staff. However, if explicitly directed by a member of staff for sound educational purposes, students may use their mobile devices. Unauthorised use may lead to the confiscation of the mobile phone. If confiscated they will usually be returned only to parents or carers. The school also reserves the right to search mobile phone files if SLT believe that photos or video film has been taken of staff or students without consent.

The academy takes no responsibility for lost, broken or missing mobile phones or any other technical equipment brought in by students without staff permission and supervision.
