21st January 2021

Dear parents/carers,

Firstly, a huge thank you for your continued support. We have received so many warm words from parents/carers and family members and we cannot tell you how grateful we are for these. However, the real thanks goes to you and your children, who have continued to make teaching the best job in the world!

Your child's education is our absolute priority and our aim is to ensure that whilst your child studies from home, we provide your child with their full curriculum entitlement and the highest quality teaching possible. We are fully committed to ensuring your child makes the best possible progress in their subjects regardless of the challenges we face and we want to reassure you that we will do whatever we can to support you and your child if you have any difficulties. If your child is in year 11, we will be in touch very soon to provide you with more information about your child's grades. If your child is in Year 9, you will find some information in this booklet regarding the 'Options' process.

Please find attached our updated remote education provision booklet that provides you with all the information you need regarding your child's full remote education package whilst the school is closed. I kindly ask that you take 5 minutes to read this booklet. As always, your feedback is always appreciated and if we can do more then we absolutely will. Please continue to keep in touch.

Currently students are expected to return to school after February half-term, but we will continue to update you should things change.

Take care, stay safe, kindest regards,

Yours faithfully,

Claire Stanyer
Principal
